PRINTERS THAT ARE FAST, VERSATILE, RELIABLE

Speed, Versatility, Reliability - these are the qualities that productive professionals in busy workgroups tell us they must have in a printer. And that's what the B6000 Series delivers for medium to large workgroups - a cost-effective solution for all their printing requirements.

Efficiency

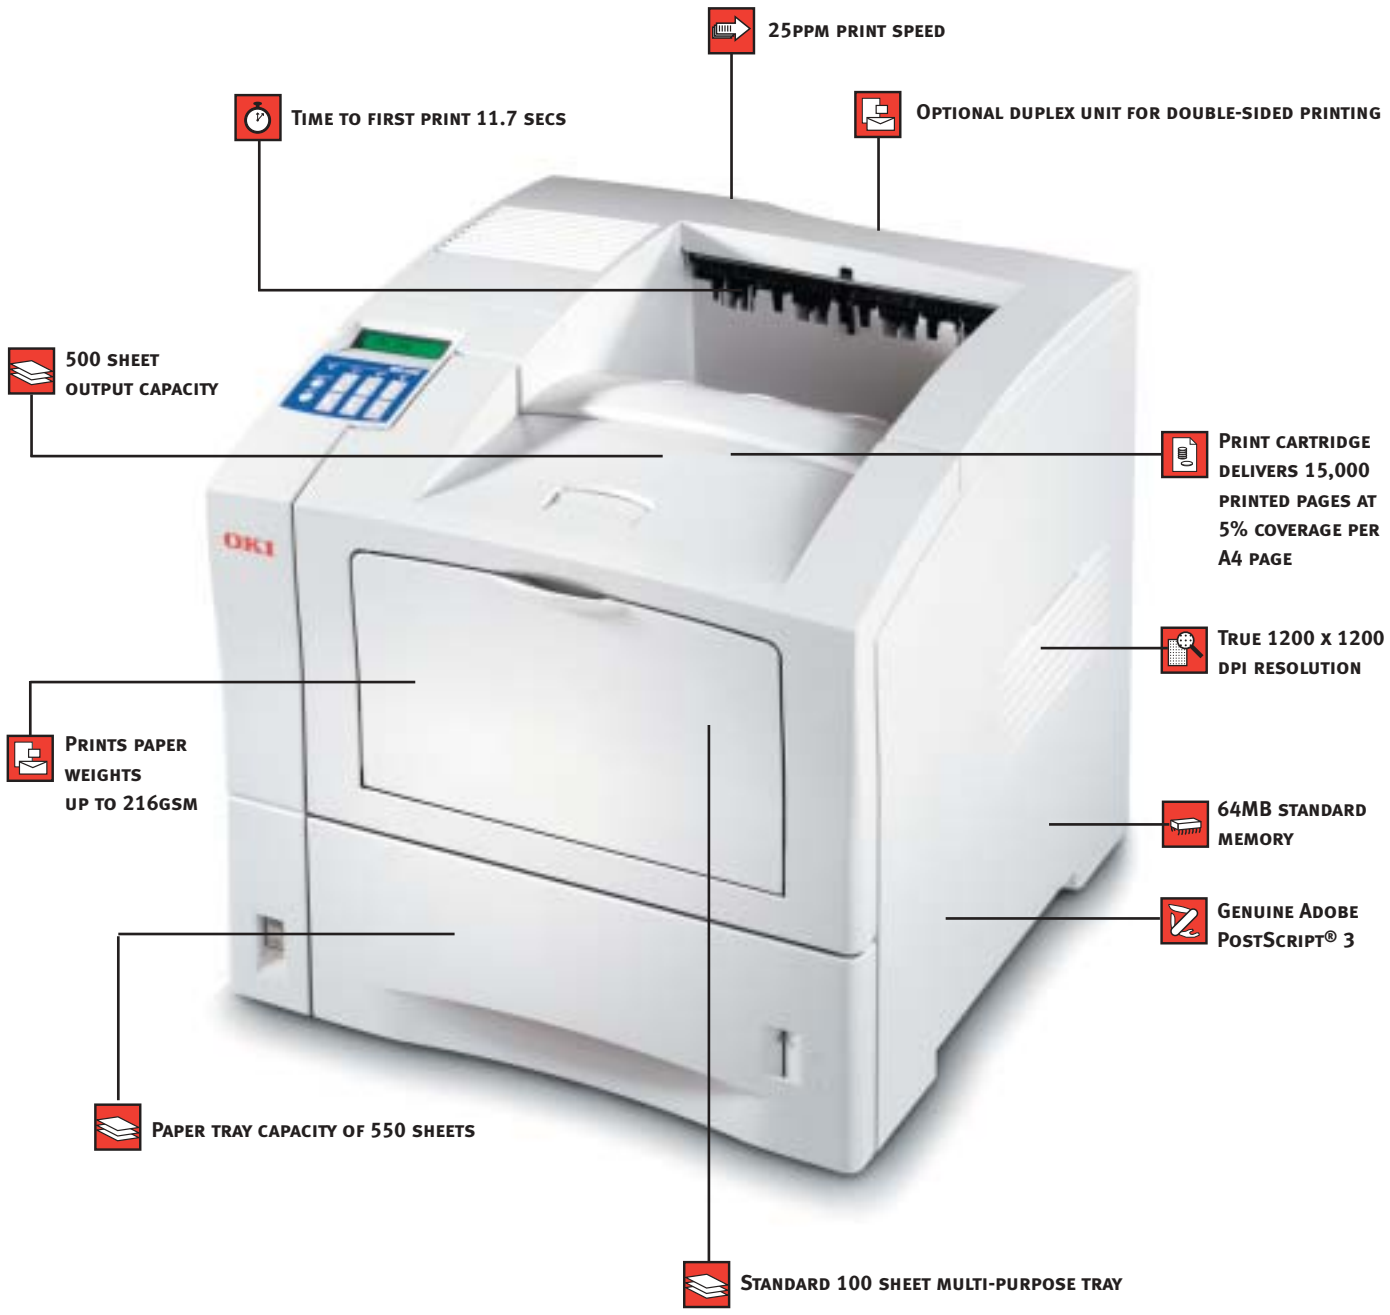
The B6100 is a high speed, high duty cycle A4 mono printer that satisfies the needs of demanding workgroup users. With an industry-leading combination of a high standard memory and processor power the B6100 prints at 25 pages per minute (ppm) producing the first page in just under 12 seconds – ideal for customer-facing applications such as busy reception areas.

Maximise workgroup productivity

Versatility

The B6100 is versatile, meeting all the essential requirements of busy workgroups, both medium and large. The B6100 offers a number of productivity enhancing features including optimal paper handling. For instance, the Offset Catch Tray option separates each print job from the next, allowing easy recovery of individual users' output. The additional paper trays offer large input capacity of multiple paper types and the optional envelope feeder increases paper handling flexibility.

These flexible paper input options (up to 1,750 sheets) and the ability to print double-sided documents also mean that the B6100 is economical and can create a variety of business materials such as memos, leaflets, invoices and mailers with ease.



B6100 - CONFIGURABLE TO MEET ALL YOUR NEEDS

Reliability and performance

Oki's stringent quality and design standards together with the capability to print up to 150,000 pages per month ensure uninterrupted reliability. Busy workgroups can be assured of continuous, consistent output no matter how hard the B6100 is working.

Minimise workgroup printer costs

Quality

Thanks to its true 1200 dots per inch (dpi) resolution, the B6100 does not compromise on quality, delivering pin-sharp output every time. That's especially important when creating prestigious items such as corporate reports and customer-facing marketing materials. With this level of quality, fast turnaround promotional materials for businesses like estate and travel agents, shops and wholesalers can be created on the spot.

Ease of use and compatibility

Naturally, Oki has made it easy to get the best from the B6100. From the clear graphical-based drivers to the convenience of the operator panel, Oki has made greater productivity simple to achieve. The B6100's PostScript compatability means it can easily handle all commonly used graphics files such as PDFs and Mac files. An internal web server allows the B6100 to be configured and monitored from anywhere on the internet. Coupled with Oki's free network management software, PrintSuperVision, administrators and IT departments have a high degree of control over printer operations.

An exceptional all-rounder in workgroup printing

There are many features on the B6100 that contribute to the machine's efficiency and workgroup productivity, yet all this functionality comes at a very competitive price making the B6100 an attractive option for workgroup printing.

Mono printers that satisfy all the requirements of productive workgroups

WHY OKI?

Oki has been in business for over 120 years. We specialise in print-based business communication with a commitment to bringing fast quality mono and colour printing to the workplace. That's why our products reflect a special understanding of day-to-day business requirements. It's why we have a dealer network providing excellent local support and service. It's also why buying from Oki isn't just a sensible choice, it's a safe decision.

THINK OKI. THINK CLARITY.

Whether your business is a start-up or a multinational, we have the products to suit your needs from dot matrix printers to mono and colour multi-functional units. Because we have such a diverse product range, we have colour-coded our product segments to help you save time. When it’s time to add another printer to your range or to check out the latest advances in technology on our website, simply use the following colour guide.

COLOUR PRINTERS	FAX/MULTI FUNCTION PRODUCTS	MONO PRINTERS	DOT MATRIX PRINTERS

B6000 SERIES MONO PRINTERS

		B6100	B6100N	B6100DN
Order number		09004046	09004047	09004048
Speed & throughput	Print speed	25ppm		
	Time to first print	11.7 seconds		
	Warm up time	65 seconds		
	Processor speed	350MHz		
Print quality	Resolution	1200 x 1200 dpi		
Typefaces	PCL Printer fonts	54 scalabale fonts, 4 bitmap fonts		
	PostScript fonts	252 fonts		
Compatibility	Printer emulations	PostScript, PCL5e, PCL6		
	OS Compatibility	Windows 95 / 98 / 98 SE / ME / NT4 Workstation / NT4 Server / 2000 Workstation / 2000 Professional / 2000 Server / 2000 Advanced Server / XP Professional / XP Home / NT Terminal Server Edition / 2000 Terminal Server with Citrix Metaframe 1.8 or Citrix Metaframe XP 1.0. Mac OS 8.6 (or higher) Mac OS X (10.1 or higher), Variants of Unix and Linux via PPDs		
	Standard interfaces	IEEE1284 Bi-directional parallel, USB 2.0	IEEE1284 Bi-directional parallel, USB 2.0 10/100BaseTX Ethernet	
	Optional interface	25 Pin RS 232C serial 10/100BaseTX Ethernet	25 Pin RS 232C serial	
	Network & protocols	10/100BaseTX Ethernet card with internal web server for printer and network card set-up and management. Includes POP3 and SMTP mail client for submission of print jobs and for alerts. All major network protocols supported - TCP/IP, Netware, Ethertalk and NetBEUI. TCP/IP :-ARP, RARP, IP, TCP, ICMP, UDP, LPR, FTP, TELNET, HTTP(IPP), BOOTP, DHCP, AutoIP, SNMP, DNS, uPnP, SLP, JetDirect protocols. Netware 3.x, 4.x, 5.x and 6 with full NDS and NDPS support:- QServer over IP and IPX, R-Printer, N-Printer, NCP, SPX, IPX, SAP, RIP, NDPS supported via dedicated OKI NDPS Gateway. EtherTalk:- ELAP, AARP, DDP, AEP, NBP, ZIP, RTMP, ATP, PAP, NetBEUI:- SMB, CIFS, WINS, NetBIOS		
	Utilities	Oki PrintSuperVision web based printer management software for Oki and other brand printers. Oki Admin Manager and quick setup utilities. Oki LPR utility, Oki NDPS Gateway, plug-ins for 3rd party management utilities		
Memory	Standard/Max. RAM	64/256MB		
	Flash memory	16MB Flash memory option for storage of fonts, forms and macros		
Paper handling	Internal tray capacity	550 sheets (80gsm); 60-216gsm simplex, 60-105gsm duplex		
	Internal tray sizes	A4, A5, B5(JIS), A6, Letter, Legal 13, Legal 14, Executive		
	Manual feeder capacity	100 sheets (80gsm)		
	Manual feeder	60-216gsm simplex, 60-105gsm duplex		
	Optional paper input trays	2nd/3rd tray: 550 sheets (80gsm); 60-216gsm simplex, 60-105gsm duplex		
	Second tray sizes	A4, A5, B5(JIS), Letter, Legal 13, Legal 14, Executive		
	Optional envelope/ multi-feeder capacity	100 sheets (80gsm)/50 envelopes		
	Optional envelope/ multi-feeder sizes	A4, A5, B5(JIS), A6, Letter, Legal 13, Legal 14, Executive, envelopes: Monarch, Com-10, DL, C5		
	Output capacity	500 sheets face down, 120 sheets face up		
	Optional offset stacker	500 sheets face down		
	Duplex capability	Optional		Standard
	Duplex paper sizes	A4, A5, B5, Letter, Legal 13, Legal 14, Executive		
Operating conditions	Temperature/humidity (operating)	5C — 35C (41 — 95F), 15-85% RH non-condensing		
	Storage	0C — 35C (32 — 95F), 5-95% RH non-condensing		
Power requirements	Power supply	230 VAC ± 10%, 50 or 60Hz ± 2%		
	Power consumption	Powersave -45W; Idle - 75W, Operating - 800W		
Physical	Noise	50.3dB(A)		
	Size (HxWxD)	413 x 422 x 459mm		
	Weight	Approx. 26kg		
	Max. monthly duty cycle	150,000 pages		
Warranty	Standard	One year on-site		
Supplies	Print cartridge	15,000 pages @ 5% coverage
